Editor St. Johns Herald,  
Dear Sir:

Would you kindly give space in your paper to the following few lines. As I was a delegate from Apache county, I feel it my duty to say a few words in regard to the Tucson conference.

Now Mr. editor it wasn't just what we would like to have had, yet I view it as the most important democratic gathering the party has held in the state considering the disrupted condition of the party. The idea being to try to do something to bring the party together and while the action of that gathering does not prevent any person filing his nomination papers and becoming a candidate for any state office. In my judgement the names selected by that conference is as representative set of candidates as can be selected in the state and I would suggest to my democratic friends in Apache county that they consider well before voting for any other candidate for state office.

I see from a speech made by my old friend G. W. P. Hunt in Globe the other day that he charges all of the county delegations that attended that gathering, with the exception of the Gila delegation, with leaving that conference with unwashed hands. Now, I would not charge any delegation with dirty hands, but will say if such a thing did exist it was with the Gila delegation. He also made some remarks in reference to Mr. Ward's silver tongue and warned his hearers to not be deceived. Now Mr. Voter I believe when you see and hear Mr. Ward you will size him up just as I did and that was that he is all wool and a yard wide and not a man that would attempt to deceive. I was very much surprised at the attitude friend Hunt has taken as he has been highly honored by the democratic party, and with my friend Dunbar I did not think he would let his honored name be used to futher the interests of the republican party. I have always been a strong supporter of friend Hunt and am with him now in his fight on the constitutional amendments but am not with him in his nomination for governor, but I am democrat enough that if he secures the nomination in the primary I will do all I can for him in the general election.

W. H. GIBBONS.

### The Home of the Soul

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.

## An Exposure of Arizona Ku Klux Klan

A Special to the Arizona Silver Belt of May 27 says: "Governor Campbell made public a statement last night condemning the Ku Klux Klan and stated that he was in possession of a list of 800 prominent Arizona citizens who were members of the organization. Governor Campbell and John O. Dunbar were both summoned to appear in Judge Stanford's court this morning to testify in the case of a man named Walter, who is being prosecuted for a felony growing out of the whipping of Rollin Jones of Mesa some weeks ago. The Ku Klux Klan made public a letter in which it assumed responsibility for the crime. Governor Campbell did not produce his list in court. Dunbar's Weekly prints the names of several state officials and officials of Maricopa county as those of men who are said to be members of the organization.

### To Start New Road

Gov. Thomas E. Campbell has written the state highway department advising it to go ahead with the construction of a road from Holbrook to Lupton parallel with the Santa Fe tracks, according to announcement just made by Thos. Maddock, state engineer. The stretch of road is 65 miles in length and runs eastward toward Gallup, N. M. The project will not be a federal aid one but will be a state road.

It is planned to spend about \$40 000 in repairing and grading the road. In order that the traffic arriving at the New Mexico line from Gallup will be drawn into the state, the construction of the road will begin in the near future as soon as a force with a caterpillar and large grader is available from some of the other state road jobs.—Snowflake Herald.

## Let Us Stop Incessant Daily Drives For Money

While all this talk of readjustment is in the air it might be well for the ordinary people—those who come in contact only with the ordinary things of life from day to day—to readjust their common sense and put a stop to the continuous exploitation they suffer from as result of the money raising fever. The readjustment of the "drives" certainly is in order. People are asked to contribute almost weekly for everything from the Society for the Protection of Spavined Horses to the Benighted Weeping Babies of the Choctongs of Passamaquady. The drain of the average purse for this sort of silly charity is tremendous. Sacrifice and helpfulness are all well enough in their way, but imposition should be checked.—Graham Guardian.

could pick up. He reports business as good.

Mrs. Sandin and Mrs. Duke are putting on a reading and musical program in the Eagar chapel Wednesday evening. They promise a treat to all who attend.

## Parody on the 23rd Psalm

"Harding is my shepherd, and I am in want;  
He maketh me to lie down on park benches,  
He leadeth me beside free soup houses;  
He restoreth my doubt in the Republican Party.  
He leadeth me in the path of destruction for his party's sake.  
Yea, though I walk thru the valley of starvation, I do fear evil, for thou art against me,  
The politicians, and profiteers they frighten me.

Thou prepareth a reduction in salaries, before men in the presence of mine enemies; thou anointed my income with taxes, my expenses runneth over my income.

Surely unemployment and poverty, will follow me all the days of the Republican administration, and I will dwell in a rented house forever."—Contributed, in Holbrook News.

## Why Suffer From Rheumatism.

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.
